

THE ART OF SERENITY

SOOTHING ART FOR INNER PEACE

CATALOGUE 2025
BY PETRA HEVEROCH

My art is for you if you have a sensitive nature and often feel stressed, overwhelmed, lost and tense. The delicate motifs with soft, harmonious natural forms and lots of empty space help you to come to rest, to regulate your nervous system and let new clarity and peace immerge in a gentle way. They support you in staying centered during these wild times. Find your anchor that symbolizes what is truly essential and meaningful for you, that, which counts.

I am Petra Heveroch from Cologne, artist and trainer for creative stress management. I love to create special things that touch people and help to focus on the good, true & beautiful, on God, while the hamsterwheels of the world try to distract us.

I offer a variety of art & creativity services for private and corporate clients: Original artwork for homes, practices or corporate spaces, for hotels, spas & retreat centers. Unique minimalistic logos and branding designs. Individual "Living Signs" as an anchor for your most important values.

I usually draw on wafer-thin, natural Kahari paper from the Himalayas, with liquid gold and metallic gold, occasionally with bronze, gold leaf, calligraphy ink and watercolor. Gold shimmers beautifully in different shades depending on the incidence of light.

The unit of measurement is in cm, which you can calculate into inch online if needed. The prices (Euro) in this catalogue include 7% VAT, international insured & tracked shipping is added on top, as it varies greatly from country to country. If motifs that interest you have already been sold, you can order them 1:1 or with creative modifications as commissioned work. Please send all inquiries to contact@petraheveroch.com.

Enjoy exploring my pieces, take your time, listen to your body.

Petra Heveroch

*"Come to me, all you who
are weary and burdened,
and I will give you rest."*

Matthew 11:28

Kahari paper

Kahari paper from the Himalayas, the material I mainly use, is beautiful and unique, wafer-thin, coarsely grained and very delicate. It has to be handled very sensitively.

AGÁPI. LOVE.

The motifs in this series are a reminder of the loving connection between people. Mother & child, family, partnership, friendship, love for neighbor, human touch, deep honest love. and gratitude. Find your anchor for that what counts, for gentle and compassionate affection. The drawings are especially healing when you are in conflict, feel lonely or lose yourself in superficial things.

"The artwork I commissioned & all of Petra's motifs remind me of what is true. This feeling gets me through my day. Just by looking at it, I immediately experience a wonderful sense of relaxation. I breathe more deeply. I notice more space inside of me and feel peace, I feel my body. I become calm and clear."

OURANÓS. HEAVEN.

Each circle wants to remind you of what your soul knows. That there is a place beyond this strange world where you can find peace with God. Heaven. Whether you believe in it or not, there is a sense of eternity in all of us and a deep indescribable longing that we try to satisfy with worldly things, that can never fill it. Heaven is the home our soul longs for.

Circular shapes calm the restless mind and regulate the nervous system. Lots of open space in the picture brings clarity and focus.

When I saw the commissioned work, my individual piece of Serenity, for the first time, it felt completely familiar to me, as if I had known its "language" for a long time. Not intellectually, but deep inside. An inner knowing that grows every time I look at it. I become calmer, more centered and clearer when I look at it. It happens without effort, quite naturally."

Bamboo floating frames

You can order a very special, japanese-inspired frame, which I developed myself, for an additional 30 Euro: A “floating frame” made of bamboo. Your piece of artwork is placed on a bamboo pole (different natural colours below are examples) with 4 magnets (black or white) and a natural cord.

It is a unique, delicate & elegant frame design, that gives you the impression that the artwork is floating on the wall.

I am always so grateful when people tell me how a motif inspires and soothes them. If you like to purchase a piece from my collections or you would like a commissioned artwork based on your individual ideas, please contact me via contact@petraheveroch.com.

In every phase of our lives, especially in these times, we can use visual and emotional anchors that remind us of what is essential, we can focus on something that uplifts us, gives us strength, calmness and clarity. Both for ourselves and for our loved ones.
